CREMONA NEWS

(From Our Own Correspondent)

Ralph Simington returned home last week after holidaying in the U.S.A.

Mrs. H. Seidel (nee Harriet Young) spent last week holidaying in Cremona. She and her family returned to Edmonton on Sunday. Donna Maynes, Mrs. P. Maynes and Miss Olsen are on vacation also. They are travelling by car and their destination is New Orleans. Cremona visitors this week are Mrs. Doris Dimze, Faye and Donna from Grande Prairie.

Congratulations to Mr. and Mrs. C. Toppins on the birth of a son. Joyce Burkholder who has been serving as a missionary for the United Missionary Church in Africa is home on furlough. She arrived home on Saturday, August 24th.

The grade nine results finally arrived and most of the class earned their diplomas. We have heard of four who did not.

It looks most doubtful that the new school will be ready for students, come Sept. 3. Seems as though there has been difficulty in getting materials.

Just For The Record . . .

Your editor and his family have taken off on a one-week tour of beauty spots. As is the custom in the "fourth estate" we didn't ask where, for the little time a weekly editor gets with his family should entitle him to a retreat without anyone being able to get hold of him. At the same time we'll bet he calls on at least one printing office in his travels . . . last year under the same conditions Ronnie Newsom took over temporarily for the editor, and if we recall correctly Mary Lou came down with the measles on holidays. This year we wish the editor and his family a pleasant holiday with no measles, chicken pox, or 'flu enroute and trust this "time out" will be a pleasant interlude from a busy year. As before that old reprobate Newsom is handling the linotype and supervising the shop. So if you have a beef about this week's issue don't blame the editor, but come over with a club and meet Ronnie face to face.

Camp grounds and facilities for the tourist and visitor in Central Alberta. Even though the weather man has taken the camping notion out of our head for this year, it is not too early for some organization to set up plans for 1958. For the more planning that takes place now the better will be the results. Perhaps, you have read of the promotion of an all North American route from Mexico to Alaska, which is now past the planning stage. It is reported that No. 2 highway in Alberta will be an integral part of that plan. Our job in towns bordering that route should be to make sure we have at least picnic tables and water at a convenient site for the tourist and camper. With campers doubling their number every year, we'll bet it will pay off, not only in tourist dollars but in goodwill for our town and district.

Notes From D.A.

By HOWARD J. FULCHER

Agriculture and agricultural practices are changing. Equipment and buildings are modified and improved in design to suit these changes.

Many farmers are familiar with the loose housing type of barn for dairy cattle, some are familiar with pole type construction. In the pole type construction, whether the building is designed as a beef shelter, dairy barn or machine shed, there are basic differences to the more common type construction. In the pole type construction, treated poles are used to form the framework and generally plywood is used for cover. There are many advantages claimed, simple to build, less cost, elimination of concrete foundations and wide adaptability.

On August 28th a pole type dairy barn will be constructed five miles west of Didsbury on the Sandre Highway, on the farm of H. Chant. This barn will be of the loose housing plan with loafing area, milking parlor plus milk and feed rooms. The construction will be a pole framework with plywood cover. Truss-type rafters will be used to eliminate any posts in the centre of the barn.

A full day's program has been planned by the Veteran's Land Act showing the actual construction of the barn. Personnel from the above department, the Provincial Government and commercial firms will be on hand to comment, discuss and answer any questions on all or any phase of the construction.

This day is planned to demonstrate the ease of construction and the merits of pole barn building. Plan to attend so you may see and judge its merits as it is being constructed.

WEDDINGS

SHERICK — TRAUB

A beautiful wedding was solemnized in the United Missionary Church, Didsbury, on Tuesday evening, August 20, at 7 p.m., when Phyllis Alberta, eldest daughter of Rev. and Mrs. H. A. Traub of Didsbury, exchanged marriage vows with Mr. Ormand Lavern Sherick, youngest son of Mr. and Mrs. Verdo Sherick of Carstairs. Rev. H. A. Traub, father of the bride, officiated, with the assistance of Rev. Ray Shantz of Montgomery. The platform of the church was decorated with baskets of gladioli and asters.

Mr. Earl Reimer played a violin solo, "I Walked One Day Where Jesus Walked" before the ceremony. The bride was radiant in a floor-length gown of embroidered nylon over net and satin. Her finger-tip veil was held in place with a coronet of aquinas and she carried a white Bible with a cascade of carnations. She approached the altar on the arm of her father, who presented her to the groom on the rostrum of the church, where the bridal party arranged itself facing the audience throughout the ceremony.

Mrs. Bill Shaw was matron of honor and sister of the bride. Joyce Traub was bridesmaid. They wore identical gowns of embroidered crystalline in pastel shades of blue and pink and carried nosegays of carnations. Little Ruth Shantz was flower girl in pink embroidered crystalline, and with her came little Keith Taylor in white dinner jacket and black trousers, carrying the rings on a satin cushion.

The groom's attendants were Kenneth Sherick, brother of the groom; Clifford Quantz and Mervin Traub. Kenneth and Mervin Traub served as ushers.

Before the ceremony Ray Stauffer sang "May Thy Blessing Rest Upon Them" and during the signing of the register, "The Shepherd Psalm." During the ceremony the couple knelt in prayer and the groom sang "The Wedding Prayer," after which Rev. H. A. Traub led in prayer. Lavern Traub, brother of the bride, played the wedding music.

The mother of the bride wore a gown of brocade taffeta in pale blue. The mother of the bride chose a grey suit with red accessories. They both wore carnation corsages.

A reception for about 200 guests was held in the high school auditorium. The beautiful wedding cake centred the bride's table. It was gay with wreaths of roses and made by Mrs. M. K. Snyder, aunt of the groom. Floral baskets of

LIGHT YOUR WAY WITH BIBLE STUDY

"As a shepherd seeketh out his flock in the day that he is among his sheep that are scattered; so will I seek out my sheep, and will deliver them out of all places where they have been scattered in the cloudy and dark day." These words are taken from the prophet Ezekiel.

One of the most beloved, cherished and comforting pictures we have of our Lord Jesus is the picture of the good shepherd. Both in the Old and the New Testament He is portrayed as our Shepherd; we are His sheep. The author sums it up thus:

Jesus my Shepherd is.
"Twas He that loved my soul;
"Twas He that washed me in His blood;
"Twas He that made me whole.
"Twas He that sought the lost.
That found the wondering sheep.
"Twas He that brought me to the fold.
"Tis He that still does keep.

But, having thus enjoyed the loving help of our Shepherd, we also have a duty and obligation toward Him and toward our fellow human-beings. We want to share our Shepherd. May it not happen to us as it did to John.

John and Henry were good friends. For twenty years they had been as brothers. John belonged to church. Henry did not. Henry took sick. As the days passed, he became weaker and weaker. It was certain that his sickness would be his death.

One day as John lay by his friend's bedside, he told him about Jesus, the Good Shepherd, the Savior. The only answer he received was "John, I've waited twenty years for you to tell me that, but now it's too late." That same night Henry died.

You have a good Shepherd. Do you speak of Him. Don't wait till it is too late.

Gladioli graced the platform, with a background silhouette portraying the motto of the bride and groom. "Each for the other: both for God."

Rev. W. N. Swalm of Edmonton, cousin of the groom, served as master of ceremonies. During the reception musical numbers were rendered by several friends. Among those who spoke were Rev. D. M. Taylor, Mr. H. E. Oko, Rev. H. A. Traub and the groom.

Mr. and Mrs. Sherick will take up residence on the school campus for the winter months, as they take their third year of work here. They will prepare themselves for missionary work in the future.

"Peter Piper picked a peck of

pickled peppers." Here's a pickled

pepper relish that all the "Peters"

in your family will pick, especially

for hot dogs or hamburgers:

Red and green pepper relish: 12

red peppers, seeded; 12 green pep-

pers, seeded; 12 onions, peeled; 2

tablespoon salt, 2 cups sugar, 4 cups

cider vinegar.

Put vegetables through food chop-

per (medium blade); pour boiling

water over vegetables and let stand

for ten minutes; drain. Add salt

sugar and vinegar. Bring to a boil

and simmer for 20 minutes. Seal

in hot jars. (Makes six pints.)

It's pickling time at our house

and from the kitchen comes the

delicious odor of the vinegar,

spices, onions and peppers.

Did you know that: soaking

vegetables in brine helps keep

pickles firm and reduces bitterness.

If not enough salt is used in brine,

pickles will be soft and slippery; if

too much salt is used, pickles will

shrive and be tough; iodized salt

may be used but salt treated to

make it free running should not be

used, as cloudiness will occur; use

good quality vinegar. If the vine-

gar is too weak dilute with water.

Will soften and won't keep. White

vinegar gives the best color to

light colored foods, e.g. onions.

Cider or malt vinegar gives a spe-

cial flavor.

Sweet Gherkins: 2 quarts (2½

lbs. approx.) gherkins (small cu-

cumbers); 1½ cups salt; 2½ quarts

boiling water; 4 cups mild vine-

gar; 1 tsp. powdered alum; 4 cups brown

sugar; ½ tsp. whole cloves; ½ tsp.

whole all-spice; ½ tsp. celery seed.

½ cup white mustard seed.

Wash gherkins, cover with hot

brine made from 1½ cups salt and

2½ quarts of boiling water. Let

stand 24 hours, drain. Mix re-

maining ingredients (including the

alum) with vinegar; bring to boiling

point and pour over gherkins. Put

into sterilized jars and seal. Yield:

2 quarts.

Use a small amount of alum to

develop crispness in certain pickles.

What causes hollow pickles? This

is due to faulty development of the

cucumber or may be caused by al-

lowing too much time to elapse be-

fore gathering and pickling.

Small pickled onions: 2 quarts

(approx. 3 lbs.) small white onions;

½ cup salt; 4 cups white wine, one

cup sugar, 2 tsp. mixed pickling

spices, vinegar.

Pour boiling water over onions

set aside to cool. When cool en-

ough to handle, the papery outer

skin can be easily removed. Let

stand overnight in a brine solution

of ½ cup salt and enough water to

cover. Drain and rinse lightly.

Bring to the boil the vinegar, sugar

and spices tied in a bag. Boil for

two minutes. Remove spices, put

in onions. Bring to the boil and

pack into sterilized jars. Seal im-

mediately.

(Cauliflower pieces are delicious

pickled the same way and if de-

sired may be mixed with onions.)

In making pickles use enamel,

aluminum or stainless steel cook-

ing utensils, as iron, copper and

brass react with the salt and vine-

gar and cause discoloration.

I have bulletins on freezing,

home canning, pickles, jams and

jellies, which give helpful sug-

gestions and interesting recipes. Send

to this office for them.

Loans Possible for

Young Farmers

The Canadian Federation of

Agriculture has requested the Fed-

eral Government to institute a pro-

gram of long term loans of up to

\$20,000 for young men starting on

the land. The brief claimed credit

has been far too restricted for

up to this amount would permit

them to buy land, livestock and

equipment.

The brief also urged a broadening

of the policy and the terms of

farm improvement loans, as well as

the lowering of interest of both.

The Farm Loan Board is an ex-

isting Federal Government agency

for the purpose of extending loans

to farmers. The farm improve-

ment loans are under a Federal

government bill which guarantees

repayment of a certain percentage

of loans made by banks to farmers

for the improvement of farms and

farm homes.

Provision of both arrangements

have been widely criticized as too

restricted to meet farm credit

needs.

WEDDINGS

FREEMAN-FYKE WEDDING

St. John's chapel, Grubich army camp, Edmonton, was the scene of a double ring ceremony when Miss Donna Marie Fyke, daughter of Mr. and Mrs. Norman E. Fyke of Saskatoon became the bride of Mr. Donald Whitman Freeman, son of Mrs. Nancy Freeman and the late Mr. Joseph Freeman, of Didsbury, Alberta. Rev. W. Bruce Fyke, brother of the bride, and Padre A. J. Alfred officiated.

Given in marriage by her father, the bride chose a full-length nylon chiffon gown in white. The fitted bodice featured a soft pleated neckline which formed a deep V in the back extending to a train. The short puff sleeves were complemented by Chantilly lace gloves.

A cirelet of pleated nylon, sprinkled with sequins and pearls held her fingertip veil of French illusion and she carried a bouquet of tallammar roses.

Miss Muriel Steele of Calgary was the bride's only attendant, wearing a gown of green taffeta and net, and carrying a matching muff covered with Talisman rose buds. Mr. Gerry Gradiale of Port Arthur attended the groom, and ushering the guests were Mr. Bruce Freeman, and Mr. Jack Cook.

Mrs. Prichard was organist and Mr. Donald Brown soloist, singing "The Lord's Prayer" and "Our Wedding Prayer."

A reception in the Alberta room of the Airlines Hotel followed with Rev. E. Doyle proposing the toast to the bride.

The newlyweds left later for honeymoon trip to Jasper, Banff and Lake Louise, the bride travelling in a brown sheath frock with a burnt orange duster, and beige accessories.

Mr. and Mrs. Freeman will reside in Edmonton.
